Docket No. 98N-1265
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have attempted to obtain my compounded prescriptions from numerous commercial pharmaceutical manufacturers and all of my local pharmacies with no success, they do not handle them. My compounded medications have helped tremendously with my anxiety, sleeplessness and depression. The limitation that you want to impose could compromise the quality of my life by restricting my ability to obtain medication my doctor has prescribed and deemed necessary for my well being.
